Our Will Writing Service & Fees (20.5.2025 version)

We wish to provide you with a Will at a fair cost and produce it quickly and professionally. In order to correctly reflect your wishes, you will be asked to supply us with a certain amount of personal information. This can be supplied to us in whatever way you find most convenient. Needless to say, we treat your data with respect and confidentiality at all times.

You will receive a traditionally sewn original Will ready to be engrossed. If you wish, we can witness your signature, leaving you with an instantly valid Will. If you prefer to have the Will witnessed by others, we will supply you with an information sheet to ensure that your Will is executed and witnessed correctly.

Due to the importance of the documents, we are reluctant to post them, but instead prefer to invite you to our office or hand deliver them to you at home.

We have created our scale of fees with simplicity in mind. We also want to offer exceptional value for money, so we do hope that you will be happy to commission us to produce your Will. Here is our present scale of Will writing fees :

	Single Will	Joint Wills
Unwitnessed by us and no home visits required	from £ 240	from £ 390
Witnessed by us and no home visits required	from £ 250	from £ 400

Home Visits

We are happy to visit you at times that suit your diary. There will be an additional cost if you wish for us to make home visits. The amount of the additional fee will reflect the time spent and distances involved. Each case will therefore be different so we will always discuss and agree the fee with you before commencing any work on your behalf.

Complex wishes

There may be instances where your wishes are more complex in nature. If this becomes apparent, we will inform you, and suggest that you seek more specialist legal advice.
